METAL GROUP

THE STEEL FABRICATION EXPERTS

At Elite Metal Group we consider ourselves to be the steel fabrication experts. The Group is currently made up of 5 key divisions or sub-brands, all with their own area of expertise. Certain areas of our business have been trading for more than 70 years which has allowed us to establish competitive buying rates and a formidable team of skilled Project Managers, Craftsmen and Detailers.

The group comprises of the following:

Vaughan Fabrication Services specialise in on-site fabrication, welding and plant maintenance across the UK. Our fully equipped fleet of nationwide vehicles ensures that a team of professionals can quickly attend your site project.

Elite Metalcraft was established in 1951 and specialises in architectural steel and bespoke staircase design for commercial and domestic markets.

Elite Structural Steel offers the complete package from simple structural steel supply through to site surveys, drawings, fabrication and in-house installation.

Elite Surveying has a Team of experts ready to conduct topographical surveys using an array of industry leading robotic laser stations so that you can be assured of the highest levels of accuracy on your project.

Elite Fabrication is the newest addition to the Elite Metal Group. Created for Architects, Garden Designers and Landscape Contractors this division specialises in architectural and bespoke steel products commonly used on traditional landscape schemes.

We are proud to be the ONLY London based steel supplier that can survey, design, manufacture, wet spray, deliver and install using our own in-house facilities and highly professional Team. This means that we can oversee every aspect of the project, giving you total peace of mind and confidence that you're working with the very best in the business.

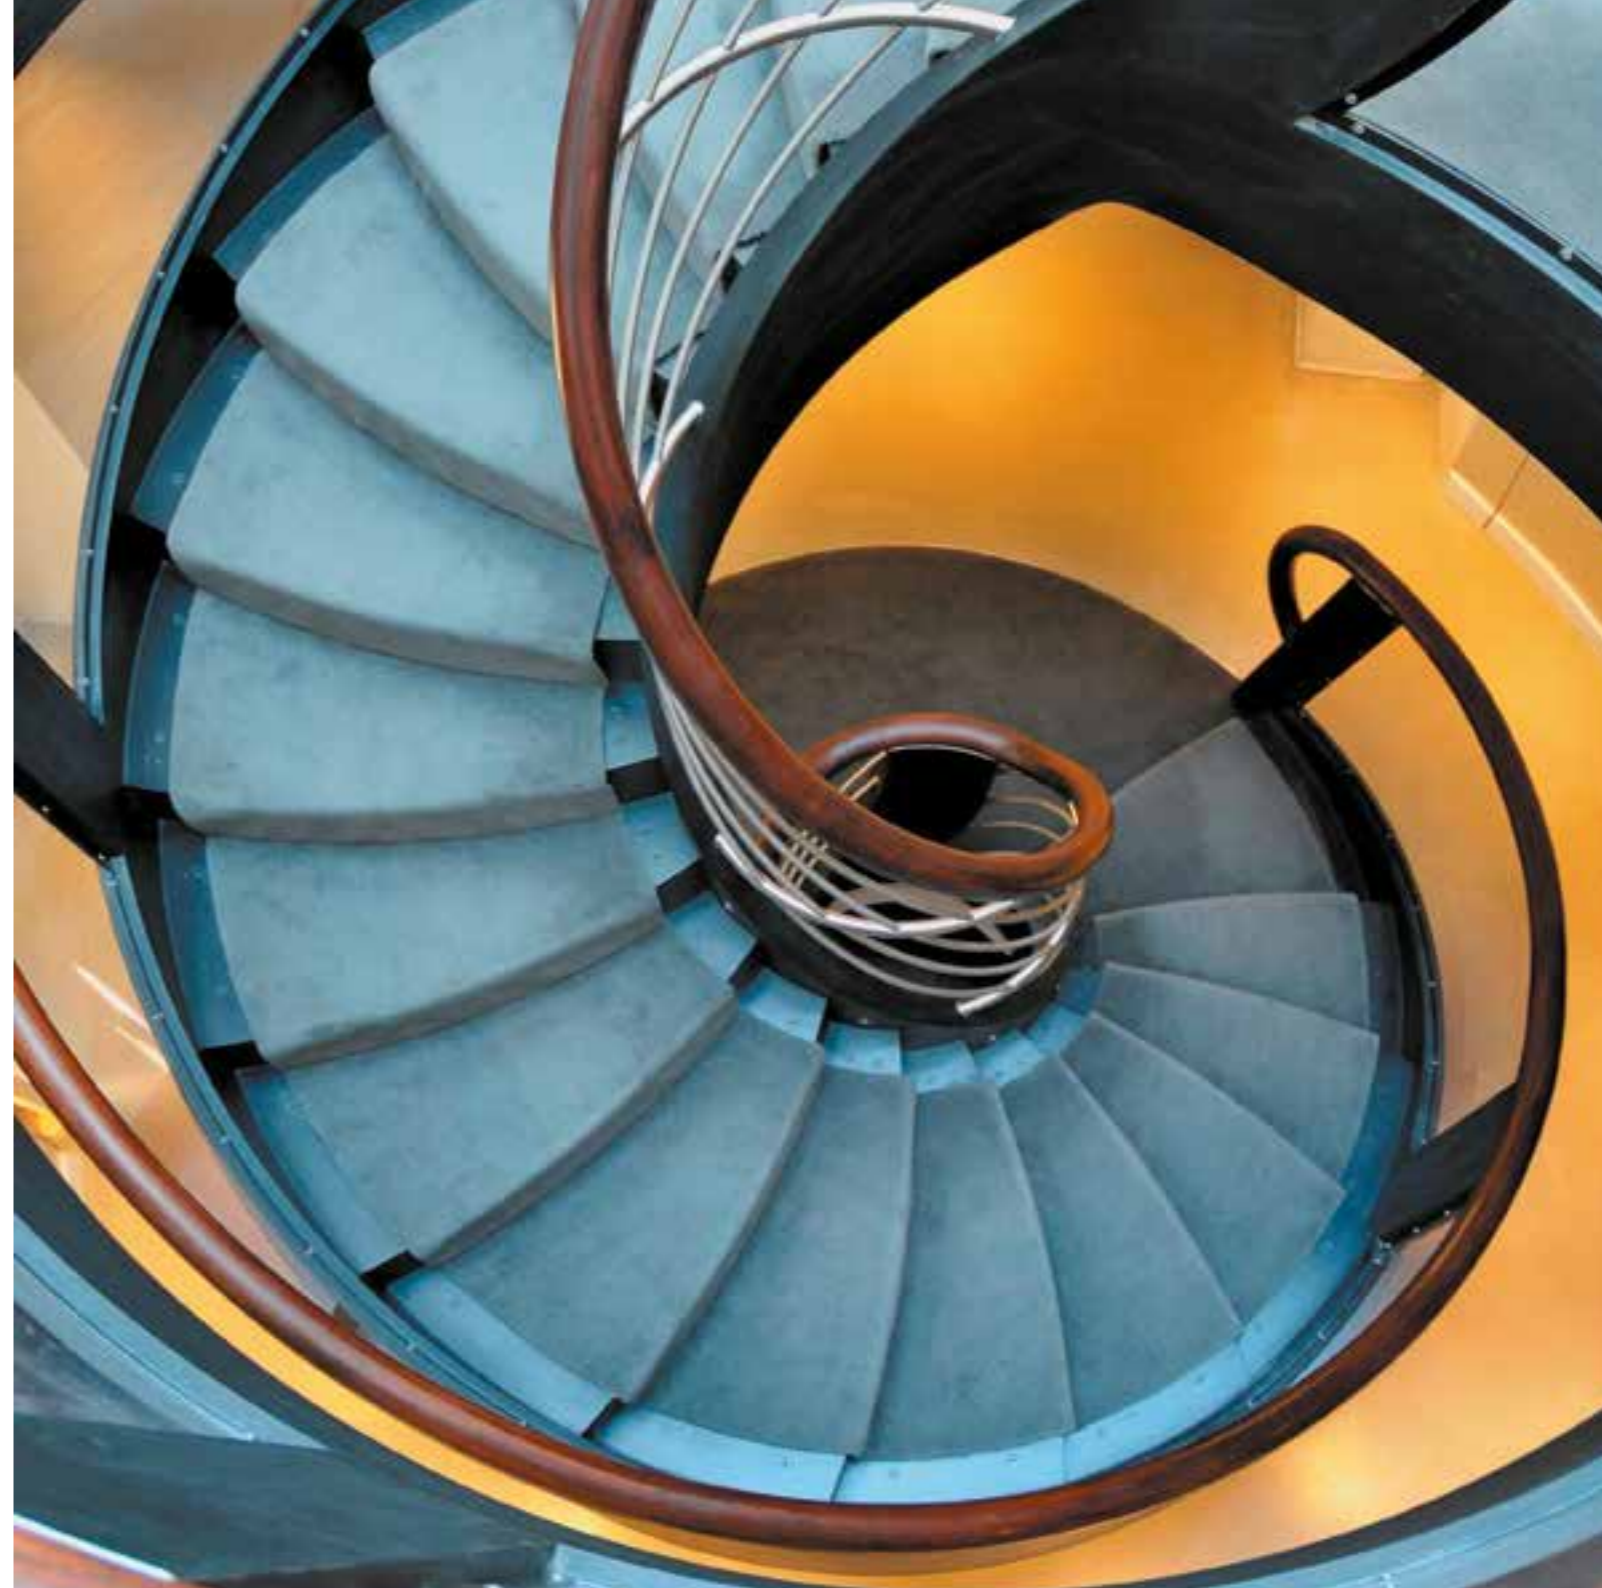

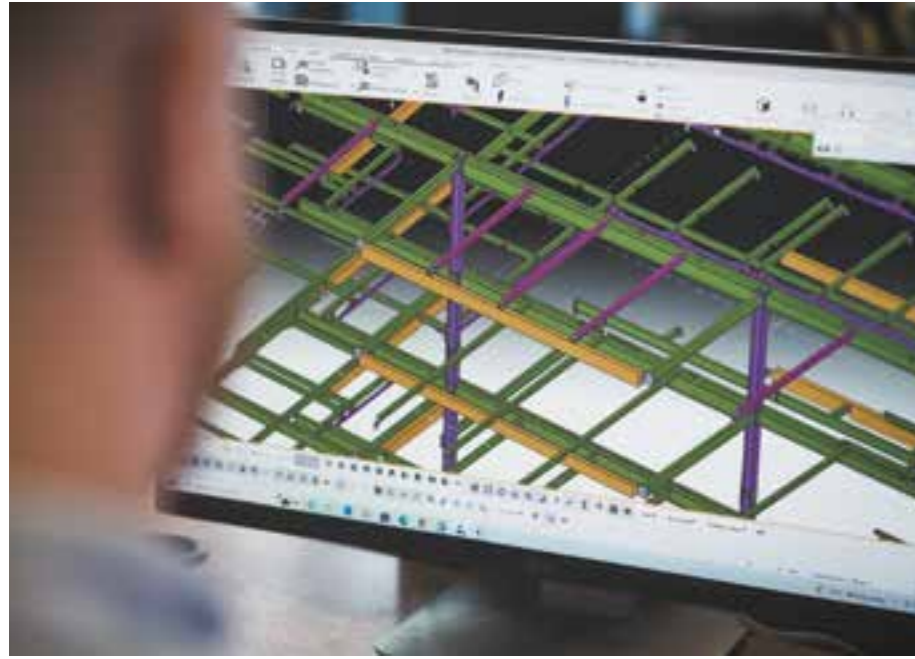

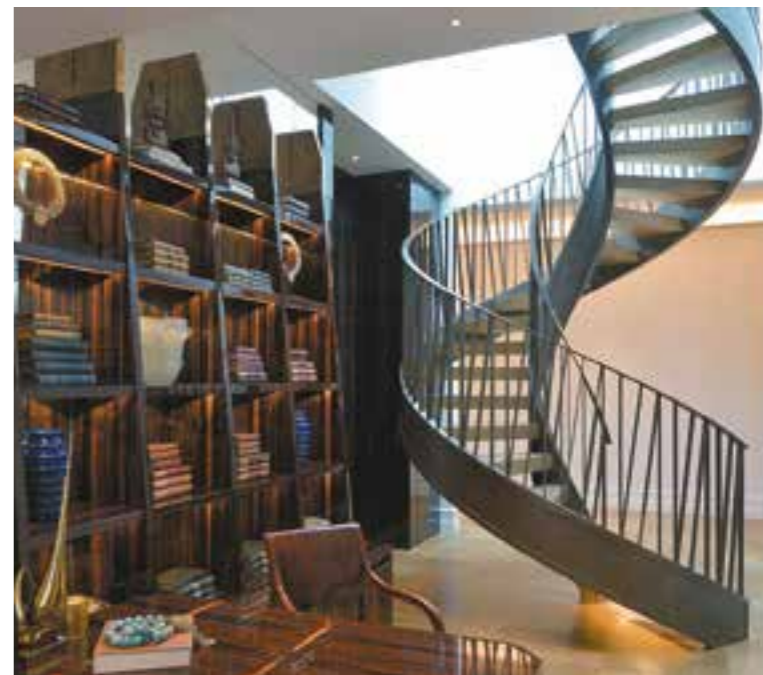

WHY CHOOSE TO WORK WITH THE ELITE METAL GROUP?

Our knowledge of the metalwork industry and the fact that our business has been manufacturing for over 70 years means that you can enjoy complete peace of mind when you choose to work with the Elite Metal Group. We consider each and every customer to be a partner, and will work with you from start to finish to ensure that your project is completed beyond your expectations. This isn't a gimmick, this is genuinely our mantra and is why we've become a trusted partner to so many businesses over the years.

Our approach is simple and often involves an informal conversation over a great cup of coffee. This allows us to get to know you and your specific requirements. We then provide you with a comprehensive quote that includes all aspects of the job, from surveying, designing and engineering to manufacturing and installation using our in-house teams.

If you choose to work with us, you'll be assigned a dedicated Project Manager who will work with you every step of the way to ensure that your project is completed on time and within budget. Our accreditations should also give you complete peace of mind.

VISIT OUR SHOWROOM

Our new Showroom has been designed for our clients to come and see the various metals that we work with on a daily basis. Customers can also learn about why we may recommend one type of metal over another, understand how our design team can identify efficiencies in initial drawings and explore the extensive range of finishes available. Our Showroom has been created with the customer in mind, so you can enjoy great coffee and an array of samples giving you absolute confidence in your project.

We encourage you to come and visit us, meet the team, and see exactly where your products will be made. Our Showroom is conveniently located above our Offices and Workshop so you can get a behind-the-scenes look at how we operate.
